Please DO NOT RESPOND to this message on Alibaba as we may not see it as Alibaba messaging platform is hard to read. Please respond by sending an email to {}. Also, what is your Skype ID for faster communication? We are looking to choose our supplier and make our initial purchase within the next 4 weeks. We are currently speaking with you and three other factories.

After our initial order we will have repeat orders and hope to source additional products with you in the future as we expand our Brand further.

Thank you and we're looking forward to cooperate with you.

Sincerely, Žan Nekrep
